

CHANGES ARE COMING

Waste Connections, Inc. and Jefferson City are excited to provide a 95-gallon cart system on wheels for all Jefferson City residents.

Residents should use their new blue carts.

Waste Connections will dispose of your old customer-owned trash container beginning the week of Monday, April 4th. After that, Waste Connections will no longer service personal cans.

If your family needs additional trash carts, please call Waste Connections at 865-522-8161.

Waste Connections has been proud to service the residents of Jefferson City for the past many years and look forward to servicing you now and in the future!
